Hi,

We are currently considering purcahsing additional licenses for use
with IDL. There is currently a buy 5 get 5 free offer open until the
endo the month. For the project it is IDL is likely to be used by the
following 1 maintaining software, 2-3 local users, 2-3 external users
and maybe a 1-2 student projects. For those users in the scientific
community with projects with similar demands how many licenses do you
have and do you think it too many or too few? The offer ends Aug 31
so time is of the essence.

Thanks in advance, Ieuan.
