Folks,

Here is an interesting thesis topic for you.

Let people know you have published a technical article on a technical newsgroup. Mention the words "pretty girl" in the article. Examine page downloads for the next hour to see which article generates more interest.

Here is some preliminary data:

technical article: 10

pretty girl: 465

Let's just say I'm about to set a new record for page hits today!!

Cheers,

David
