I tried to send you this with this result, so I will just post here

----- The following addresses had permanent fatal errors -----

<m...@cars3.uchicago.edu> (I added the ...)

(reason: 550 5.7.1 Unable to relay for m...@cars3.uchicago.edu)

I would love to have the newer version, this could save a bunch
of time

of me reinventing a perfectly good wheel.

If you wouldn't mind and its small enough for email
balarsen@gmail.com
is as good as any address.

Thanks much,

Brian
