Hey just wanted to share this with everyone,

Great prices and support await you as you travel into the beautiful world of premium nntp access. They give you access to some of the best groups others may not carry.

One thing I love about them, they don't keep log files of the news I read or files I download.

Posting allowed!

Blazing fast downloads

Very long retention

2,000,000 new posts each day

Just go to <http://www.newsdude.net> and see why I love them so much. Bye for now!
