Hello,

I clicked on the supplied link in the previous messages:
   http://www.ittvis.com/codebank/search.asp?FID=473
and I was in the Revolution page at RSI. Clicking on the "download" button gave me a
RevolutionIDL.zip file.

Simply searching for "Revolution" in the codebank search box at
   http://www.ittvis.com/codebank
produced the same result.

But, searching from the *main* ittvis webpage didn't produce anything useful. I even tried
searching for "codebank" and got "no results were found". Very useful.

cheers,

paulv
