i saved image through TVRD function. Now i want output it to my widget_draw. Use TVSCL (also try TV) procedure. My widget_draw become full black color. in IDLDE i haven't any errors. so here is part of my source code

PRO PIC_EVENT

```
    WIDGET_CONTROL,pic,GET_VALUE=w_ID
WIDGET_CONTROL,event.id,GET_UVALUE=widget
WSET,w_ID
image=MAKE_ARRAY(3,600,400)
...
```

```
IF (widget EQ 'button_save') THEN BEGIN
  image=TVRD(TRUE=1)
  help,image
ENDIF
```

```
IF (widget EQ 'button_show') THEN BEGIN
  TVSCL,image,TRUE=1
ENDIF
END
```
