Hi everyone, I'm having a problem to show a TIFF image.
After this code below, the image is shown with a shift to right in
each line. (Near 1000 pixel shifted)

```
envi_setup_head, FNAME = strFullFileName, NS = 4472, NL = 3263, NB =  
1, $  
          DATA_TYPE = self.type, OFFSET = 8,  
INTERLEAVE = 0, $  
          BYTE_ORDER = 0, DATA_IGNORE_VALUE =  
-9999.0, $  
          R_FID = fid, /OPEN, /NO_REALIZE
```

```
envi_display_bands, [fid],[0]
```

Someone had this problem ?

Thx in advance.
