Whoops! I took it as a joke. Guess I forgot the
smiley face. Sorry. :-)

I haven't run the darn thing that many times, yet.
And since I'm doing about 10 different things simultaneously
this morning, my attention has not been wholly on this
issue. But I just started it up, and it analyses code
for 1 min 15 seconds after the Workshop windows appear.
It seems to do this every time.

Cheers,

David
