i just code a for function
for i=0, ArraySize do begin
if (Seg_Grey_Image[i] le 255) and (Seg_Grey_Image[i] ge 240) then
begin
Seg_Grey_Image[i]=255
endif
endfor

however, the error is :Loop limit expression too large for loop
variable type.

it seems this 'ArraySize' is too big. how can I deal with this
problem?

Thank you!
