Subject: probably a stupid question
Posted by Kostas on Thu, 17 Apr 2008 16:25:00 GMT

Dear all,

Supose that i have an image lets say A (that is an array[3,x,y])

suppose that i want to save it to the disk

with the WRITE command i save the image in BIP format

what if i want to save the image (array) in BIL or BSQ format

Thank you in advance for your help
