Hi list mates,

I have tried to attach a rich java library for reading of microscopy images to IDL.

If anybody is interested or has up to now data converted via ImageJ, have a try. But beware it is still in alpha state.

Some hints are given in the routine.

the procedure can be found via

http://ibb.helmholtz-muenchen.de/homepage/karsten.rodenacker/ro_embed.php?file=IDL/index.html

Best regards

Karsten
