Subject: CW_FORM and lists

Posted by <REW012 on Fri, 31 May 1996 07:00:00 GMT

Hi,

I'm using IDL 4.0.1 under AIX 4.1 and wanted to use the CW_FORM function with
a list element as described in the documentation, but it seems not to be
implemented. Does anywhere exist a "bugfix" or has anyone added it and would
send it to me ?

Matthias
