Hi,

does anyone of you know a source for a $1\frac{1}{2}^\circ$ land-sea-mask? I'm sure there are a lot. ECMWF provides a $2.5\frac{1}{2}^\circ$ map with ERA40 but I couldn't find a $1\frac{1}{2}^\circ$ map.

I know http://www.dfanning.com/map_tips/seamask.html but that seems oversized for a simple $1\frac{1}{2}^\circ$ -map.

Regards

Bernhard
