Subject: Why do I get the string in ytitle in vertical direction
Posted by Ding on Thu, 20 May 2010 21:20:59 GMT

Dear all,

When I use plot, ploterror (solar soft), contour. all the text in the
ytitle are vertically displayed, is there any settings wrong.

example ytitle = 'this is y axis', it is plotted as

t
h
i
s

i
s

y

a
x
i
s.

could some know remind me the reason?

thanks
