---

```
pro simpletest
print, 'start while loop'
  j=2
while (j NE 10) do begin
  print,j
  j=j+1
  print, j
endwhile
```

```
print, 'done'
return
end
```

---

```
> simpletest
start while loop
  2
  3
  3
  4
  4
  5
  5
  6
  6
  7
  7
  8
  8
  9
  9
  10
```

```
done
```

---

Works fine for me.

Regards,

Chris
