Paolo writes:

> So how did that backpacking trip of yours go?

I ended up with mixed results. All was going great until I got hit with some kind of bug and couldn't continue the last third of the trip. (I'm glad someone talked me into carrying a cell phone!)

No epiphany though. :-(

So, at the end of the week I have no job, no prospects, and no good ideas. Sounds perfect, que no? ;-)

Cheers,

David
