Subject: Wheelbarrows to be Issued with New IDL Book
Posted by David Fanning on Fri, 08 Oct 2010 21:15:42 GMT

Folks,

Oh, oh. I just finished the Line Plot chapter in
the new book. What took up 8 pages in the 2nd Edition
is now 46 pages in the new book. And with a smaller
font to boot! :-(

At this rate, I'm going to have to factor in the
cost of a wheelbarrow to cart the damn thing around.

Cheers,

David

P.S. Let's just say I'll be looking for editors shortly
with very sharp scalpels. :-(
