```

I would specify this structure like this:

```
colorbardetails = create_struct( $
    'vertical', 1, $
    'right', 1, $
    'bottom', 0, $
    'ncolors', 250, $
    'annotatecolor', "black", $
    'range', [tmin, tmax] $
)
```

Cheers,

David
