Subject: MAP_GRID and MAP_CONTINENTS question ?
Posted by natha on Fri, 07 Jan 2011 20:37:55 GMT

Hi guys,

I'm using IDL 7.1.
Is it possible to use MAP_CONTINENTS and MAP_GRID with object
graphics ?

In IDL 8, all the lines and texts drawn by these 2 procedures are
similar than all the stuff we do with Direct Graphics ? Ugly fonts,
etc.

Thank you for your answers,
nata
