I know is none of my business, but have you considered adding a Google Checkout button in your website? That way people who are willing to contribute to supporting the free services you provide to the community could do so. Hawthorne Beyer, a guy who is famous in the ESRI user community for providing for free awesome tools, has circumvented the legal intricacies of international donations by asking folks to support the project by purchasing "consulting services" that will result in the improvement of the software (<http://www.spatialecology.com/gme/gmepurchasing.htm>).

Cheers
