Folks,

This is the last day of the pre-publication sale price
on my new book, Coyote's Guide to Traditional IDL Graphics.

<http://www.idlcoyote.com/books/>

I expect to be shipping books to all who have already
purchased them in the next day or two. And thanks for
all the wonderful comments and support. I really do
think this book will change the way a lot of us write
IDL programs. :-)

Cheers,

David
