## Subject: Object Graphics Font Size Change Posted by David Fanning on Thu, 05 May 2011 17:43:24 GMT

View Forum Message <> Reply to Message

Folks,

Whoa! It appears to me the "normal" 12 point font size in IDL 8.1 object graphics text is about 2/3 larger than the same text in IDL 7.1.

Did anyone read or hear about his change? New fonts? What happened?

Cheers,

David
