I think you can use a single call to `al_legend`, e.g.

```
cgPlot,A,B,color='red',linestyle=0,background='white', xtit='A', ytit='B'  
cgplot, A,C,psym=2,color='green',SYMSIZE=2,/overplot  
al_legend,['A','C'], linestyle=0,psym=[0,2],/right, /top,color=['red','green']
```
