Ah, well, I just looked for it in the IDL 7.0 on-line help.
It's there, but you are right, it is NOT prominently
displayed. (It is under the Graphics Keywords section.)

But, yes, you should look in my books first. Most of what
I ever need to know is in one or the other of those
books! Or, if not there, in an article on my web page. ;-)

Cheers,

David
