Subject: wave code
Posted by hoang on Sat, 14 Dec 1996 08:00:00 GMT

Hello,

 I would like to know if somebody could help me about how to
program use to save information into .wav file. I mean the algorithm or
code in C or C++ to save information of an signal from MATLAB file(that
mean in ascii(only number) to make a .wav file and reverse too (.wav to
ascii). All information relate to that topic will be very appreciate.
Thank.

    Hoang.
