Folks,

There is a very good chance my web page is going
to hit four million page downloads sometime later
today. (I might not be here, as I have to play tennis
tonight!) This is cause (well, we have to be cheerful
about *something*!) for celebration.

I'm going to give a free booklet, How To Get the Most
Out of Your Dysfunctional Function Graphics System, to
the person who downloads the lucky page!

Happy clicking!

Cheers,

David

P.S. The count is 3,999,788 at Tue, 13 Sep 2011 21:06:06 GMT,
if you want to write an IDL program that gives you the auspicious
time to click.
