This is your opportunity to provide feedback on the next version of IDL before its final release. I am looking for customers who are interested in testing a technical preview release of IDL 8.2. The test period is scheduled to begin the week of November 14 and continue into January.

If you are interested, please click Reply to Author and send me an email with your contact information, and computer(s) and operating system(s) version information.

Thank you,

Bill Okubo
IDL Product Manager
