Subject: point contained in a spheroid
Posted by natha on Wed, 04 Jan 2012 20:02:42 GMT

Hello All,

I have a set of points on a 3D space and a spheroid located on
x0,y0,z0. I would like to know the points contained in that spheroid.
I was doing the same using a sphere and it was very easy. Right now, I
don't how to proceed.
Any help will be appreciated,

nata
