Oh, The River Why, one of my all-time favorites.
I remember first reading it on a plane, and people
all around me turning in their seats to see why
I was guffawing so loudly! I've probably read
that book four or five times. I know my favorite
copy's spine is broken and it has pages falling
out of it.

I taught an ultralight backpacking class last
weekend for the first time to generally favorable
reviews. Perhaps I should start organizing
IDL backpack and fishing trips in Colorado.
It couldn't be any less lucrative a venture
than selling IDL books. ;-)

Cheers,

David
