## Subject: IDL arrays having more than 8 dimensions Posted by Giovanni Natale on Mon, 27 Feb 2012 12:36:20 GMT

View Forum Message <> Reply to Message

Hi everybody!

I often work with functions depending on many variables and I would like to store all the values within one IDL array. However, IDL does not allow to create arrays with dimension higher than 8. Does anybody know a possible solution for this problem or where I can find more information about it?

Thank you, Giovanni
