Folks

hi,

I have a question that i could not solve that. i have a new pc and it guys did change my name and not in comond line it is like this:

```
David@linux:~$
```

but i want to change to this format:

```
Dave@linux:~$
```

is there any way to do that? i am using Ubuntu 11.

Thanks for any help in advance,

Cheers,

Dave
