Dear friend

I have another problem. i tried to running this command as follow as;

plot, time, curve, position=[0.1,0.55,0.95,0.95]

but I recieved this error.

% PLOT: Expression must be an array in this context: CURVE.

% Error occurred at: \$MAIN\$

% Execution halted at: \$MAIN\$

What is meaning? please help me. Thank you

Best, Hadi
