Hello

Is it possible to convert data written here in matrix format in IDL.the first column tells the row where the data starts and goes up to max value of that column.

L CI

0 10
1 11
2 12
3 13
4 14
1 15
2 16
3 17
4 18
2 19
3 20
4 21
3 22
4 23
4 24

to be converted to

values above diagonals are zero

0 0 0 0 0
1 15 0 0 0
2 16 19 0 0
3 17 20 22 0
4 18 21 23 24

CAN YOU HELP PLEASE!!!!!!!

Thank you
