Something like this:

```
IDL> ts = '20100115'  
IDL> year = long(strmid(ts, 0, 4))  
IDL> month = long(strmid(ts, 4, 2))  
IDL> day = long(strmid(ts, 6, 2))  
IDL> help, year, month, day  
YEAR      LONG    =      2010  
MONTH     LONG    =        1  
DAY       LONG    =       15
```

Mike
