Hi,

I want to convert HDF5 file to netCDF format. Please help me on this.

I tried in the following way:

```
~/Q20120012012031.L3m_MO_SCI_V1.3_SSS_1deg > foo.cdl
```

```
Error: ~/Q20120012012031.L3m_MO_SCI_V1.3_SSS_1deg: NetCDF: Can't open  
HDF5 attribute
```

thank you
