Subject: shading a portion of the graph
Posted by mkmvarma on Mon, 15 Oct 2012 16:24:25 GMT

Hello,
I am trying to shade a portion of my simple 2D plot. Does anyone have any idea how to do this?
The x-axis range from -100 to 100 and I would like to shade the portion between -40 and 40. On
the y-axis I have altitude ranging from 10 to 30 km.
Thanks,
Mahesh
