Subject: exelisvis.com documentation center
Posted by Gordon Farquharson on Thu, 18 Oct 2012 00:00:41 GMT

Did anybody else notice that Exelis has finally put IDL documentation online! I nearly fell off my chair when I accidentally found these web pages with a Google search:

http://www.exelisvis.com/docs/home.html

I'm probably going to regret posting this message, because probably this is old news. However, hopefully this information will be news to somebody.

Gordon
