Still not sure what you mean. When I look at the repository with the repo-browser I find 69 tagged releases in the 1.x.x series, 16 in the 2.x.x series, and 4 in the 3.x.x series. That's a lot of releases, and I don't see any gaps between them.

???? What software are you using to browse the repository?

You're welcome! :-)

Cheers,
