There are a few ways I can get OS usage statistics for IDL, but none of them are great, so I'd like to try a direct appeal. On what operating systems do you use IDL? Please let me know; vote in the poll on the IDL blog:

<http://idldatapoint.com/2013/02/21/poll-on-what-operating-systems-do-you-use-idl/>

I'll keep the poll open for a week and report the results next Thursday.
