> Yup, libx264 is the one you want for H.264 encoding. Still, though, increasing BIT_RATE is the first thing to try. It's going to take a lot more than 2 Mbps to get good quality 1920x1080 video. Let me know if that doesn't work out.

Here is a link that seems particularly useful in this regard:

<http://bit.ly/jJ0ufx>

Cheers,

David
