Folks,

I just opened the last box of Coyote's Guide to Traditional IDL Graphics. I have no plans to print more, although I'll continue to sell this as a PDF file. If you thought you wanted one of these, you have just a few more weeks to make your mind up. A box of books usually lasts about a month, sometimes less. Amazon has very few in stock, too.

An autographed copy sold on E-Bay may be your ticket to a comfortable retirement. ;-)

Cheers,

David
