Subject: Re: Dashed linestyle in vectorized function graphics output, IDL 8.2.3
Posted by Mark Piper on Wed, 24 Jul 2013 14:56:18 GMT

I'm sorry -- I forgot to report back on this issue. It's IDL-68745 & it's still open. Please contact Tech Support to add your name to it.

A (somewhat ugly) workaround is to set BITMAP=1 when calling ::Save.
