Subject: find_npeaks.pro code
Posted by Kaushal Sharma on Tue, 13 Aug 2013 08:42:29 GMT

Hello,

I am trying to use im_fitcontinuum.pro to find a continuum of a spectrum. But a procedure named "find_npeaks.pro" which is being used by im_fitcontinuum.pro is not available in my idl library. I tried searching for this code on google but could not find. Can some one please provide me this code?

Thanks
Kaushal
