Apparently, in the recent versions (≥ 2.2) of gshhs database
the units of the `header.area` changed from $1/10 \text{ km}^2$ to $1/10 \text{ m}^2$.
For `cgmap_gshhs` to work properly the line:
 `polygonArea = header.area * 0.1` (ok for gshhs < 2.2)
should be changed to:
 `polygonArea = header.area * 1.0e-7` (for gshhs ≥ 2.2)
