```
I forgot to mention:
```

```
IDL> print, !version
{ x86_64 linux unix linux 8.2.2 Jan 23 2013
                                                    64}
                                              64
