Thanks for your reply!

Unfortunately, the strings are text.

I'm looking to make a plot that loosely resembles this:

```
5| *
4| * *
3|* * *
2|  * *
1|*
0|_____ * _____
  A B C D E
```

But A,B,C,D,E are strings of length 3.

listA contains the x values (strings) with some duplicates
listB contains the y values (floating point values)
