You could just do "help" for both the left hand side and the right hand side of the assignment that gives the error.

Like

IDL> help, b[125:624,125:624], a

or

IDL> help, cc[\*;i\*20+1:i\*20+19], data[150:\*,120+7:138+7,i\*4+10]

depending on which line has the error.
