Subject: Output matrix from Wavelet Toolkit 3D Wavelet Power Spectrum
Posted by swensons on Wed, 25 Jun 2014 15:36:01 GMT

Hello,

I am trying to get an output matrix from the Wavelet Toolkit in order to 'filter' out the large frequencies in my data. While the Multiresolution Analysis tool does provide a way of visualizing the filter, I need to be able to do this qualitatively.
If anyone knows of a way to do this, please let me know.
Thanks!
