Hi Mirko,

You write about a curve legend program:

- > If there is not such an animal, I'll probably write it in a day or two.
- > If interested in it let me know.

Good luck with this. This is one of those programs (like COLORBAR) that you think will be simple but gets more and more complicated the more you get into it. It is really hard, I think, to write a *general* program.

Anyway, when you get it done, I would be interested in seeing it. :-)

Cheers!

David
