was the website moved to another server?

Well, you just clicked on a link from 2002. In the meanwhile IDL is not rsi, but www.exelisvis.com
But whatever... you can find here some libraries:
http://www.exelisvis.de/docs/routines-5.html
There are lots of them to look for stuff. Great community. My personal favorites: Coyote,
Markwardt, Galloy, AstroLib. But depends on what you do...
Enjoy.
